FEATURING

NEW GOLD and SILVER FOIL PACKAGING

FOR COMPELLING IN-STORE DISPLAY

Bonus Profits For Early Action

F. H. WOODRUFF & SONS, INC.

Milford, Conn. • Bellerose, L.I., N.Y.

BRANCHES:

Atlanta, Ga. • Toledo, Ohio • Sacramento, Calif.

Mercedes, Texas • Salisbury, Md.

Woodruff Custom Blended Seed . . .

Soil and climate vary from one part of the United States to another, and sometimes within particular regions. Consequently no one lawn seed mixture can meet all needs everywhere.

Woodruff's continuing research and experimental work . . . at our branches and growing stations across the nation . . . has provided unsurpassed knowledge and skill to blend lawn seed mixtures which thrive in each given area . . . and

adaptations of mixtures to meet different soil conditions within each area.

The Woodruff name assures you of highest quality, freedom from noxious weeds and high percentage of germination in all featured Woodruff mixtures. Woodruff mixtures can be used to cover a greater area than inferior mixtures . . . but give far better results, for less cost in the long run. Woodruff dealers satisfy their customers.

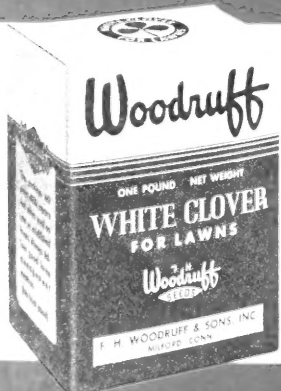

THE BEST IS TURF-MAKER® IN THE NEW GOLD FOIL BOX

Turf-Maker mixtures are designed to develop the finest possible permanent turf. Formulated only of highest purity perennial grasses, they are blended and packaged specifically for the regions in which they are sold . . . in blends for sun, for shade, for loamy soils and for light soils. The certified, easy-to-read analysis on each package proves the truly fine quality of Turf-Maker Lawn Seed Mixtures. Use it to sell your customers. Now packaged in attractive new gold foil boxes.

TURF-MAKER® WITH MERION BLUEGRASS

You've heard about the fabulous B-27, a strain of Kentucky bluegrass discovered back in 1931, but which only recently became available to the public. Its extremely vigorous root system and reproductive ability result in tighter, thicker, more weed resistant turf which resists drought and leaf spot and fights off crabgrass. Still in limited supply, it develops a lawn to match its premium price. Our special blend has been developed over the past 10 years on our own proving grounds. The best on the market, compounded only of top quality seeds, it contains over 40 percent Certified Merion Bluegrass, along with Certified Blue Tag Illahee Creeping Red Fescue, Certified Blue Tag Astoria Colonial Bent and highest purity Poa trivialis.

WOODRUFF WHITE CLOVER FOR LAWNS

Turf-Maker and Milford Green mixtures do not contain clover. Here's an extra tie-in sale for your customers who wish premium quality clover.

"Just Right" Mixtures for Your Area

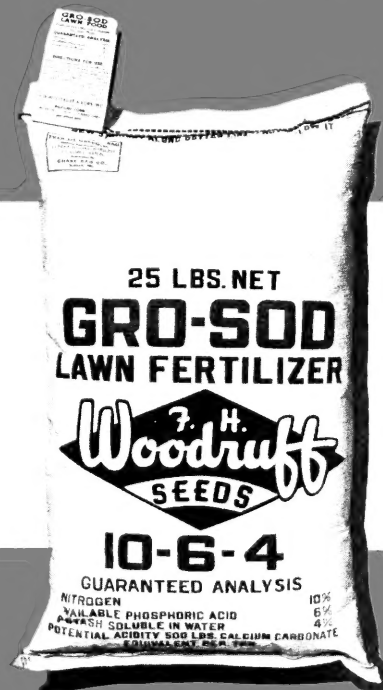

MILFORD GREEN® . . . IN THE NEW SILVER FOIL BOX

Milford Green mixtures develop a good, durable lawn turf and are extremely tolerant of ordinary soil deficiencies. Suitable for late season planting, they are also excellent for playgrounds, terraces and problem areas. One blend for sun, another for shade . . . packaged in beautiful, new silver foil boxes.

GRO-SOD® LAWN FOOD

Specifically designed for lawns, both old and new, Gro-Sod provides a balanced diet for turf. A 10-6-4 compound, it's high nitrogen content is 50 percent organic. This means that one application feeds the lawn over a longer period of time. Ten pounds covers 1,000 square feet of existing lawn (15 pounds for new lawns) making Gro-Sod extremely economical and inexpensive to use. Suggest your customer get a Woodruff spreader, along with his lawn food.

WHITE TAG GRASS SEED MIXTURES

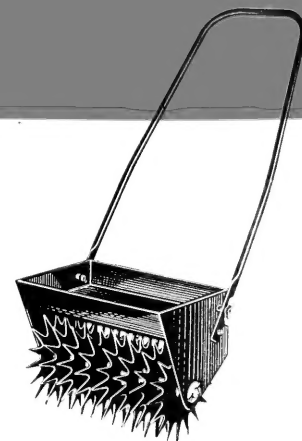

To meet the demand for mixtures which will provide an attractive green ground cover quickly and at minimum cost, Woodruff gives you Park and Greenup. For new grading or bare spots where higher cost lawn seed mixtures are inadvisable.

WOODRUFF SPREADER

Seed, fertilizer and lime are spread far more accurately and effectively . . . and economically . . . with a Woodruff spreader. Every household is a logical prospect for one. Adjustable to 19 positions, pre-calibrated for proper distribution of Woodruff products, rugged in construction. 16", 18" and 24" models.

SPIKE DISC CULTIVATORS

Compacted soil is hard on grass. Lawns need periodic aeration to get full benefit from seeding, fertilizing and watering. Makes lawn patching easy. Tell your customers that investment in a home-size Woodruff cultivator will pay off in a better lawn. 8 discs, each 10" diameter; rolling width, 16".

F. H. Woodruff

1956 ADVERTISING

Concentrates on Local Markets

TO PROMOTE FULL-PROFIT LAWN SEED AND
LAWN FOOD SALES FOR WOODRUFF DEALERS

We're concentrating our 1956 advertising in newspapers

- . . . to sell our dealers' customers the outstanding quality of Woodruff products
- . . . to give our dealers the opportunity to tie-in with our local advertising to bring customers into their stores.

- We're using these papers: The New York Times, The New York Herald-Tribune, Long Island Newsday, Sacramento Bee, Atlanta Journal-Constitution, Dayton News, Detroit News, Cleveland Plain Dealer, Toledo Blade, Rochester Times-Union and Democrat & Chronical, Syracuse Herald-American, Albany Times-Union, Bridgeport Post, New Haven Register, Hartford Courant, Providence Journal, Portland Sunday Telegram, Bangor News, Springfield Republican, Boston Herald, Waterbury Republican American, and Milford Citizen.
- We'll pay 50 percent of the space costs for any newspaper advertising of Woodruff product our dealers do, *using our mats* over their own names.

NEW, MODERN PACKAGING AND POINT-OF-PURCHASE DISPLAY MATERIAL

For better display on your counters and shelves, featured Woodruff lawn seed mixtures are now packaged in strikingly attractive new boxes — *gold foil* for Turf-Maker, *silver foil* for Milford Green.

Use these new boxes together with the powerful point-of-purchase display materials and selling aids available to every qualified Woodruff dealer as modern merchandising devices

to funnel FULL PROFIT sales to your cash register.

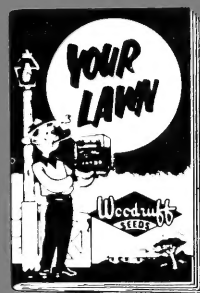

IT PAYS TO BE A WOODRUFF DEALER

Woodruff has a "Selected Dealer" policy. We want our dealers to make "full profit" sales and to get a fair share of the market for Woodruff products in their areas.

Therefore we do not sell every dealer possible in a community or area but stand back of our established dealers as we stand back of the seeds we sell.

An array of powerful selling aids is yours for the asking. Check what you want on our order form, or ask your Woodruff salesman for them.

An authoritative guide to better lawns, *Your Lawn* takes the mystery out of when, what and how to build a new or improve an existing lawn. Full of helpful information, it's one of the most powerful sales promotion pieces a dealer can use.

Bulk stacking of Woodruff Lawn Seed Mixtures in their attractive new packages, together with signs, streamers and background pieces enable Woodruff dealers to build forceful and attractive displays suited to the conditions in their own stores. Envelope stuffers and enclosure cards are likewise furnished free of charge to qualified dealers. Ask your Woodruff salesman for them or write or phone us direct.

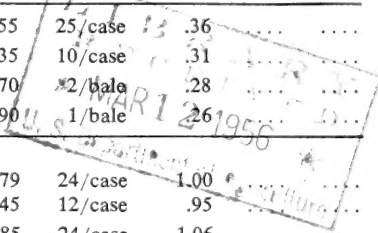

For your own advertising in your local newspaper, choose from a variety of our mats. Run the ads, send us tearsheets and duplicates of publishers' invoices. We credit your account with 50 percent of the space cost.
